

Privacy Act Disclosure

My Military Financial Services will be gathering several documents which are necessary to submit your loan to the Bank for SBA Approval. Your assigned Technical Supervisor will be available to assist you through the entire process.

These required documents contain sensitive information that can include, but is not limited to, an individual's full legal name, date of birth, social security number, employee identification number, education, financial history, employment history and any Misdemeanor or Felony charges, past or present.

This information is defined by the US government as "records" for which My Military Financial Services by law of the **Privacy Act** is required to restrict disclosure to protect against unwarranted invasions of privacy resulting from the collection, maintenance, use, and disclosure of personal information.

To ensure smooth transition of referral to funding, My Military Financial Services will need to communicate with outside parties such as your referring **Agents, Franchisors, Coaches,** and/or **Consultants** about your status during the SBA review process.

By signing below, you give My Military Financial Services permission to disclose **necessary** information to the above **bolded** parties to facilitate funding.
